14540 Wood Road  
Alpharetta, Georgia 30004

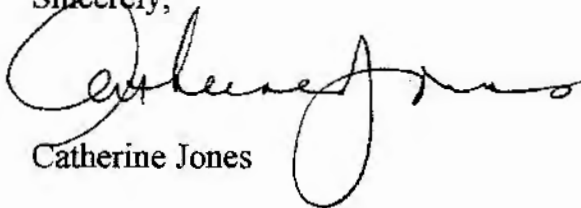

December 16, 2005

To Whom It May Concern,

Brett Bentley has worked with us since 2001. During this time, Brett has built our barn, expanded and improved our house, converted a residential home in the City of Alpharetta to a commercial structure for Discovery Support Services, Inc., and renovated a small home.

Because of Brett's integrity, dependability, and quality of work, we continue to use his services. We now consider Brett a good friend and someone whom we recommend.

Sincerely,

Catherine Jones
