Reference for Brett Bentley, Professional Improvements

To Whom it May Concern:

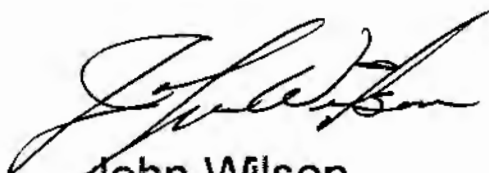

I have been doing business with Brett Bentley over the past eight years as we continually add barns, living quarters, arenas, a pavilion and other structural enhancements to Wilson Farms. Working with Mr. Bentley and his staff has always been a pleasure.

Brett works personally to help plan, clarify and improve your concepts and designs. He stays within budget requirements and is always amenable to modifications or repairs as might evolve with the project.

I highly recommend Mr. Bentley for all of the above reasons. Most importantly, I commend Brett for his integrity which is required from all people with whom I work or would recommend to others.

Please feel free to contact me if you would like further input. My phone number is 678-366-0166.

Sincerely,
